	Marking Scheme **Strictly Confidential** **(For Internal and Restricted use only)** **Secondary School Supplementary Examination, July-2024** **SUBJECT NAME: Social Science SUBJECT CODE:087 PAPER CODE: 32/S/1**
	General Instructions: -
1.	You are aware that evaluation is the most important process in the actual and correct assessment of the candidates. A small mistake in evaluation may lead to serious problems which may affect the future of the candidates, education system and teaching profession. To avoid mistakes, it is requested that before starting evaluation, you must read and understand the spot evaluation guidelines carefully.
2.	**"Evaluation policy is a confidential policy as it is related to the confidentiality of the examinations conducted, Evaluation done and several other aspects. Its' leakage to public in any manner could lead to derailment of the examination system and affect the life and future of millions of candidates. Sharing this policy/document to anyone, publishing in any magazine and printing in News Paper/Website etc may invite action under various rules of the Board and IPC."**
3.	Evaluation is to be done as per instructions provided in the Marking Scheme. It should not be done according to one's own interpretation or any other consideration. Marking Scheme should be strictly adhered to and religiously followed. **However, while evaluating, answers which are based on latest information or knowledge and/or are innovative, they may be assessed for their correctness otherwise and due marks be awarded to them. In class-X, while evaluating two competency-based questions, please try to understand given answer and even if reply is not from marking scheme but correct competency is enumerated by the candidate, due marks should be awarded.**
4.	The Marking scheme carries only suggested value points for the answers.These are in the nature of Guidelines only and do not constitute the complete answer. The students can have their own expression and if the expression is correct, the due marks should be awarded accordingly.
5.	The Head-Examiner must go through the first five answer books evaluated by each evaluator on the first day, to ensure that evaluation has been carried out as per the instructions given in the Marking Scheme. If there is any variation, the same should be zero after delibration and discussion. The remaining answer books meant for evaluation shall be given only after ensuring that there is no significant variation in the marking of individual evaluators.
6.	Evaluators will mark(√) wherever answer is correct. For wrong answer CROSS 'X" be marked. Evaluators will not put right (✓)while evaluating which gives an impression that answer is correct and no marks are awarded. **This is most common mistake which evaluators are committing.**
7.	If a question has parts, please award marks on the right-hand side for each part. Marks awarded for different parts of the question should then be totaled up and written in the left-hand margin and encircled. This may be followed strictly.
8.	If a question does not have any parts, marks must be awarded in the left-hand margin and encircled. This may also be followed strictly.
9.	If a student has attempted an extra question, answer of the question deserving more marks should be retained and the other answer scored out with a note **"Extra Question"**.
10.	No marks to be deducted for the cumulative effect of an error. It should be penalized only once.
11.	A full scale of marks _____80_____(example 0 to 80/70/60/50/40/30 marks as given in Question Paper) has to be used. Please do not hesitate to award full marks if the answer deserves it.
12.	Every examiner has to necessarily do evaluation work for full working hours i.e., 8 hours every day and evaluate 20 answer books per day in main subjects and 25 answer books per day in other subjects (Details are given in Spot Guidelines).
13.	Ensure that you do not make the following common types of errors committed by the Examiner in

	the past:- Giving more marks for an answer than assigned to it. ● Wrong totaling of marks awarded on an answer. ● Wrong transfer of marks from the inside pages of the answer book to the title page. ● Wrong question wise totaling on the title page. ● Leaving answer or part thereof unassessed in an answer book. ● Wrong totaling of marks of the two columns on the title page. ● Wrong grand total. ● Marks in words and figures not tallying/not same. ● Wrong transfer of marks from the answer book to online award list. ● Answers marked as correct, but marks not awarded. (Ensure that the right tick mark is correctly and clearly indicated. It should merely be a line. Same is with the X for incorrect answer.) ● Half or a part of answer marked correct and the rest as wrong, but no marks awarded.
14.	While evaluating the answer books if the answer is found to be totally incorrect, it should be marked as cross (X) and awarded zero (0)Marks.
15.	Any un assessed portion, non-carrying over of marks to the title page, or totaling error detected by the candidate shall damage the prestige of all the personnel engaged in the evaluation work as also of the Board. Hence, in order to uphold the prestige of all concerned, it is again reiterated that the instructions be followed meticulously and judiciously.
16.	The Examiners should acquaint themselves with the guidelines given in the "**Guidelines for spot Evaluation**" before starting the actual evaluation.
17.	Every Examiner shall also ensure that all the answers are evaluated, marks carried over to the title page, correctly totaled and written in figures and words.
18.	The candidates are entitled to obtain photocopy of the Answer Book on request on payment of the prescribed processing fee. All Examiners/Additional Head Examiners/Head Examiners are once again reminded that they must ensure that evaluation is carried out strictly as per value points for each answer as given in the Marking Scheme.

	Section B **Very Short Answer Type Questions**		**(4X2=8)**
21	**(a) How did the silk route connect the world?** (i) The silk routes are a good example of vibrant pre-modern trade and cultural links between distant parts of the world. (ii) Historians have identified several silk routes, over land and by sea, knitting together vast regions of Asia, and linking Asia with Europe and northern Africa. (iii) Chinese pottery also travelled the same route, as did textiles and spices from India and Southeast Asia. In return, precious metals – gold and silver – flowed from Europe to Asia. (iv) Trade and cultural exchange always went hand in hand. Early Christian missionaries almost certainly travelled this route to Asia, as did early Muslim preachers a few centuries later. (v) Buddhism emerged from eastern India and spread in several directions through intersecting points on the silk routes. (vi) Any other relevant point. **(Any two points to be explained)** **OR** **(b) How did our foods facilitate cultural exchanges between distant countries? Explain with any two examples.** (i) Traders and travelers introduced new crops to the lands they travelled. Even 'ready' foodstuff in distant parts of the world might share common origins. (ii) It is believed that noodles travelled west from China to become spaghetti. (iii) Arab traders took pasta to fifth-century Sicily, an island now in Italy. (iv) Similar foods were also known in India and Japan, so the truth about their origins may never be known. (v) Many of our common foods such as potatoes, soya, groundnuts, maize, tomatoes, chilies, sweet potatoes, and so on were not known to our ancestors until about five centuries ago. (vi) These foods were only introduced in Europe and Asia after Christopher Columbus accidentally discovered the vast	**54 H**

	continent that would later become known as the Americas. (vii) Sometimes the new crops could make the difference between life and death. Europe's poor began to eat better and live longer with the introduction of the humble potato. (viii) Any other relevant point. **(Any two points to be explained)**		
22	**"In sedimentary rocks a number of minerals occur in beds or layers." Support the statement with examples.** (i) In sedimentary rocks a number of minerals occur in beds or layers. They have been formed as a result of deposition, accumulation and concentration in horizontal strata. (ii) Coal and some forms of iron ore have been concentrated as a result of long periods under great heat and pressure. (iii) Another group of sedimentary minerals include gypsum, potash salt and sodium salt. (iv) These are formed as a result of evaporation especially in arid regions. (v) Any other relevant point. **(Any two points to be explained)**	**53 G**	**2X1=2**
23	**Why are constitutional provisions necessary for the success of federalism? Explain.** (i) The jurisdictions of the respective levels or tiers of government are specified in the constitution. So the existence and authority of each tier of government is constitutionally guaranteed. (ii) The fundamental provisions of the constitution cannot be unilaterally changed by one level of government. Such changes require the consent of both the levels of government. (iii) Courts have the power to interpret the constitution and the powers of different levels of government. (iv) Sources of revenue for each level of government are clearly constitutionally specified to ensure its financial autonomy. (v) Any other relevant point. **(Any two points to be explained)**	**15 P**	**2X1=2**
24	**Analyse the role Information and Communication Technology in making globalisation possible.** (i) In recent times, technology in the areas of telecommunications, computers, Internet has been changing rapidly. (ii) Telecommunication facilities (telegraph, telephone including	**63 E**	**2X1=2**

	mobile phones, fax) are used to contact one another around the world, to access information instantly, and to communicate from remote areas. (iii) This has been facilitated by satellite communication devices. (iv) Computers have now entered almost every field of activity. (v) With the help of Internet, information can be obtained and shared (vi) Internet also allows us to send instant electronic mail (e-mail) and talk (voice-mail) across the world at negligible costs. (vii) Any other relevant point. **(Any two points to be analysed.)**

	(b) "In India, the growth of modern nationalism was intimately connected to the anti-colonial movement." Analyse the statement. (i) People began discovering their unity in the process of their struggle with colonialism. (ii) The sense of being oppressed under colonialism provided a shared bond that tied many different groups together. (iii) The Congress under Mahatma Gandhi tried of forge these groups together within one movement. (iv) Symbols of nationalism like Bharatmata and Vandemataram (v) Anti-colonial movements like Non-Cooperation, Civil Disobedience etc were directed against the British rule (vi) Any other relevant point. **(Any three points to be analysed.)**	**29-H**	**3X1=3**

26	**How is planning a widely accepted strategy for judicious use of resources? Explain with examples.** (i) Planning helps in identifying the available resources and allocating them efficiently across various sectors. (ii) It ensures maximising their utility and minimising wastage during activities. (iii) Planning allows for a balanced development of different regions and sectors within the country. (iv) By prioritizing areas that need development the most, planning ensures that resources are distributed equitably. For instance, the planned development during the Green Revolution focused on enhancing agricultural productivity in regions that were lagging behind. (v) Planning involves setting long-term goals and creating strategies to achieve them. (vi) Planning facilitates the development of infrastructure such as roads, railways, ports, and communication networks. This infrastructure supports economic activities and enhances connectivity, leading to overall development. (vii) Any other relevant point **(Any three points to be explained)**	**4 G**	**3X1=3**

	(b) "Culture played an important role in creating the ideas of a nation in Europe during the early nineteenth century." Explain the statement with examples. (i) Culture played an important role in creating the idea of the nation: art and poetry, stories and music helped express and shape nationalist feelings.	**14 H**	**5X1=5**

	(ii) Romanticism was a cultural movement which sought to develop a particular form of nationalist sentiment. (iii) Romantic artists and poets generally criticised the glorification of reason and science and focused instead on emotions, intuition and mystical feelings. (iv) Their effort was to create a sense of a shared collective heritage, a common cultural past, as the basis of a nation. (v) Other Romantics such as the German philosopher Johann Gottfried Herder (1744-1803) claimed that true German culture was to be discovered among the common people – das volk. (vi) It was through folk songs, folk poetry and folk dances that the true spirit of the nation (volksgeist) was popularised. Collecting and recording these forms of folk culture was essential to the project of nation-building (vii) The emphasis on vernacular language and the collection of local folklore was not just to recover an ancient national spirit, but also to carry the modern nationalist message to large audiences who were mostly illiterate. (viii) In Poland which had been partitioned at the end of the eighteenth century by the Great Powers – Russia, Prussia and Austria, national feelings were kept alive through music and language. (ix) Karol Kurpinski, for example, celebrated the national struggle through his operas and music, turning folk dances like the polonaise and mazurka into nationalist symbols. (x) The use of Polish came to be seen as a symbol of the struggle against Russian dominance. (xi) Any other relevant point. **(Any five points to be explained)**		
31	**(a) Explain the significance of industries in the Indian economy.** (i) Industries help in modernising agriculture, which forms the backbone of our economy.
