Modals

- These auxillaries effect the mood of verb, i.e., they determine whether the work is a possibility, command, wish, desire, etc.
- They are used to represent degrees of freedom or severety.
- Most common modal auxillaries are will, shall, can, may, need to, would, should, could, might, etc.

* Ability - I can run fast
* Necessity - I must run.
* Obligation - I ought to run.
* Permission - May I run?

- ~~ed~~ note should and ought to have similar meanings. Ought to is followed by 'to' in positive and by 'not to' in negative sentence.
