	Marking Scheme **Strictly Confidential** **(For Internal and Restricted use only)** **Secondary School Supplementary Examination, July-2024** **SUBJECT NAME: Social Science SUBJECT CODE: 087 PAPER CODE: 32/S/2**
	General Instructions: -
1.	You are aware that evaluation is the most important process in the actual and correct assessment of the candidates. A small mistake in evaluation may lead to serious problems which may affect the future of the candidates, education system and teaching profession. To avoid mistakes, it is requested that before starting evaluation, you must read and understand the spot evaluation guidelines carefully.
2.	**"Evaluation policy is a confidential policy as it is related to the confidentiality of the examinations conducted, Evaluation done and several other aspects. Its' leakage to public in any manner could lead to derailment of the examination system and affect the life and future of millions of candidates. Sharing this policy/document to anyone, publishing in any magazine and printing in News Paper/Website etc may invite action under various rules of the Board and IPC."**
3.	Evaluation is to be done as per instructions provided in the Marking Scheme. It should not be done according to one's own interpretation or any other consideration. Marking Scheme should be strictly adhered to and religiously followed. **However, while evaluating, answers which are based on latest information or knowledge and/or are innovative, they may be assessed for their correctness otherwise and due marks be awarded to them. In class-X, while evaluating two competency-based questions, please try to understand given answer and even if reply is not from marking scheme but correct competency is enumerated by the candidate, due marks should be awarded.**
4.	The Marking scheme carries only suggested value points for the answers.These are in the nature of Guidelines only and do not constitute the complete answer. The students can have their own expression and if the expression is correct, the due marks should be awarded accordingly.
5.	The Head-Examiner must go through the first five answer books evaluated by each evaluator on the first day, to ensure that evaluation has been carried out as per the instructions given in the Marking Scheme. If there is any variation, the same should be zero after delibration and discussion. The remaining answer books meant for evaluation shall be given only after ensuring that there is no significant variation in the marking of individual evaluators.
6.	Evaluators will mark(√) wherever answer is correct. For wrong answer CROSS 'X" be marked. Evaluators will not put right (✓)while evaluating which gives an impression that answer is correct and no marks are awarded. **This is most common mistake which evaluators are committing.**
7.	If a question has parts, please award marks on the right-hand side for each part. Marks awarded for different parts of the question should then be totaled up and written in the left-hand margin and encircled. This may be followed strictly.
8.	If a question does not have any parts, marks must be awarded in the left-hand margin and encircled. This may also be followed strictly.
9.	If a student has attempted an extra question, answer of the question deserving more marks should be retained and the other answer scored out with a note **"Extra Question"**.
10.	No marks to be deducted for the cumulative effect of an error. It should be penalized only once.
11.	A full scale of marks _____80_____(example 0 to 80/70/60/50/40/30 marks as given in Question Paper) has to be used. Please do not hesitate to award full marks if the answer deserves it.
12.	Every examiner has to necessarily do evaluation work for full working hours i.e., 8 hours every day and evaluate 20 answer books per day in main subjects and 25 answer books per day in other subjects (Details are given in Spot Guidelines).
13.	Ensure that you do not make the following common types of errors committed by the Examiner in

	the past:- Giving more marks for an answer than assigned to it. ● Wrong totaling of marks awarded on an answer. ● Wrong transfer of marks from the inside pages of the answer book to the title page. ● Wrong question wise totaling on the title page. ● Leaving answer or part thereof unassessed in an answer book. ● Wrong totaling of marks of the two columns on the title page. ● Wrong grand total. ● Marks in words and figures not tallying/not same. ● Wrong transfer of marks from the answer book to online award list. ● Answers marked as correct, but marks not awarded. (Ensure that the right tick mark is correctly and clearly indicated. It should merely be a line. Same is with the X for incorrect answer.) ● Half or a part of answer marked correct and the rest as wrong, but no marks awarded.
14.	While evaluating the answer books if the answer is found to be totally incorrect, it should be marked as cross (X) and awarded zero (0)Marks.
15.	Any un assessed portion, non-carrying over of marks to the title page, or totaling error detected by the candidate shall damage the prestige of all the personnel engaged in the evaluation work as also of the Board. Hence, in order to uphold the prestige of all concerned, it is again reiterated that the instructions be followed meticulously and judiciously.
16.	The Examiners should acquaint themselves with the guidelines given in the "**Guidelines for spot Evaluation**" before starting the actual evaluation.
17.	Every Examiner shall also ensure that all the answers are evaluated, marks carried over to the title page, correctly totaled and written in figures and words.
18.	The candidates are entitled to obtain photocopy of the Answer Book on request on payment of the prescribed processing fee. All Examiners/Additional Head Examiners/Head Examiners are once again reminded that they must ensure that evaluation is carried out strictly as per value points for each answer as given in the Marking Scheme.

CBSE SUPPLEMENTARY EXAMINATION – JULY 2024

4	(C) Moneylender	48 E	1
5	(C) Money obtained as interest on loan from the borrower.	42 E	1
6	(C) It is mandatory for all the candidates to give details of criminal cases on affidavit.	60 P	1
7	(D) Education, Forest, Marriage and Adoption	16 P	1
8	(A) Sinhalas	3 P	1
9	(D) Only I and IV are correct	14 P	1
10	(D) Power is shared among different levels of governments.	8 P	1
11	(A) Both (A) and (R) are true and (R) is the correct explanation of (A).	6 P	1
12	(D) Geothermal energy	55 G	1
13	(A) Only I and II are correct	31 G	1
14	(B) Rajasthan	26 G	1
15	(C) Both (A) and (R) are true and (R) is the correct explanation of (A).	13 G	1
16	(A) 1878	127 H	1
17	(A) Primary For Visually impaired candidates only- (A) Primary	20 E 20 E	1 1
18	(C) III, I, II, IV	40-42 H	1
19	(D) Germany, Japan and Italy	74 H	1

20	**(B) The abolition of state imposed restrictions on the movement of goods and capital.**	**9 H**	**1**
	Section B **Very Short Answer Type Questions**		**(4X2=8)**
21	**Analyse the role Information and Communication Technology in making globalisation possible.** (i) In recent times, technology in the areas of telecommunications, computers, Internet has been changing rapidly. (ii) Telecommunication facilities (telegraph, telephone including mobile phones, fax) are used to contact one another around the world, to access information instantly, and to communicate from remote areas. (iii) This has been facilitated by satellite communication devices. (iv) Computers have now entered almost every field of activity. (v) With the help of Internet, information can be obtained and shared (vi) Internet also allows us to send instant electronic mail (e-mail) and talk (voice-mail) across the world at negligible costs. (vii) Any other relevant point. **(Any two points to be analysed.)**	**63 E**	**2X1=2**
22	**Minerals are an indispensable part of our lives." Support the statement with examples.** (i) Almost everything we use, from a tiny pin to a towering building or a big ship, all are made from minerals. (ii) The railway lines and the tarmac (paving) of the roads, our implements and machinery too are made from minerals. (iii) Cars, buses, trains, aeroplanes are manufactured from minerals and run on power resources derived from the earth. (iv) Even the food that we eat contains minerals. (v) In all stages of development, human beings have used minerals for their livelihood, decoration, festivities, religious and ceremonial rites (vi) Any other relevant point. **(Any two points to be explained)**	**42 G**	**2X1=2**

23	**How did measures taken by the Sri Lankan Government increase the feeling of alienation among the Tamils? Explain.** (i) In 1956, an Act was passed to recognise Sinhala as the only official language, thus disregarding Tamil. (ii) The governments followed preferential policies that favoured Sinhala applicants for university positions and government jobs. (iii) A new constitution stipulated that the state shall protect and foster Buddhism. (iv) They felt that none of the major political parties led by the Buddhist Sinhala leaders was sensitive to their language and culture. (v) They felt that the constitution and government policies denied them equal political rights (vi) Government discriminated against them in getting jobs and other opportunities and ignored their interests. (vii) The relations between the Sinhala and Tamil communities strained over time. (viii) Their demand for more autonomy to provinces populated by the Tamils was repeatedly denied. (ix) Any other relevant point. **(Any two points to be explained)**	**3 P**	**2X1=2**
24	**(a) How did the silk route connect the world?** (i) The silk routes are a good example of vibrant pre-modern trade and cultural links between distant parts of the world. (ii) Historians have identified several silk routes, over land and by sea, knitting together vast regions of Asia, and linking Asia with Europe and northern Africa. (iii) Chinese pottery also travelled the same route, as did textiles and spices from India and Southeast Asia. In return, precious metals – gold and silver – flowed from Europe to Asia. (iv) Trade and cultural exchange always went hand in hand. Early Christian missionaries almost certainly travelled this route to Asia, as did early Muslim preachers a few centuries later. (v) Buddhism emerged from eastern India and spread in several directions through intersecting points on the silk routes. (vi) Any other relevant point. **(Any two points to be explained)**	**54 H**	**2X1=2**

	OR **(b) How did our foods facilitates cultural exchanges between distant countries? Explain with any two examples.** (i) Traders and travellers introduced new crops to the lands they travelled. Even 'ready' foodstuff in distant parts of the world might share common origins. (ii) It is believed that noodles travelled west from China to become spaghetti. (iii) Arab traders took pasta to fifth-century Sicily, an island now in Italy. (iv) Similar foods were also known in India and Japan, so the truth about their origins may never be known. (v) Many of our common foods such as potatoes, soya, groundnuts, maize, tomatoes, chillies, sweet potatoes, and so on were not known to our ancestors until about five centuries ago. (vi) These foods were only introduced in Europe and Asia after Christopher Columbus accidentally discovered the vast continent that would later become known as the Americas. (vii) Sometimes the new crops could make the difference between life and death. Europe's poor began to eat better and live longer with the introduction of the humble potato. (viii) Any other relevant point. **(Any two points to be explained)**	**54 H**	**2X1=2**
	Section C **Short Answer Type Questions**		**(5X3=15)**
25	**Explain any three challenges before Indian political parties in the present time.** (i) Lack of internal democracy. (ii) Political parties do not conduct regular internal election and do not hold meetings. (iii) Dynastic succession (iv) Money and muscle power (v) They do not seem to offer a meaningful choice to the voters. (vi) Any other relevant point **(Any three points to be explained.)**	**57 P**	**3X1=3**

	(b) "In India, the growth of modern nationalism was intimately connected to the anti-colonial movement." Analyse the statement. (i) People began discovering their unity in the process of their struggle with colonialism. (ii) The sense of being oppressed under colonialism provided a shared bond that tied many different groups together. (iii) The Congress under Mahatma Gandhi tried of forge these groups together within one movement. (iv) Symbols of nationalism like Bharatmata and Vandemataram (v) Anti-colonial movements like Non-Cooperation, Civil Disobedience etc were directed against the British rule (vi) Any other relevant point. **(Any three points to be analysed.)**	**29-H**	**3X1=3**
29	**"Consequences of environmental degradation do not respect national or state boundaries." Explain the statement with examples.** (i) The issue of environmental degradation is not region or nation specific as our future is linked together. (ii) Scientists, economists, philosophers and other social scientists are working together in this area. (iii) Global warming caused due to greenhouse effect gases and ozone layer depletion is threatening the whole world. (iv) Polluting of water bodies is another serious issue which again needs joint efforts. (v) Any other relevant point. **(Any three points to be explained.)**	**16 E**	**3X1=3**
	Section D **Long Answer Type Questions**		**(4X5=20)**
30	**(a) Explain the aims of Treaty of Vienna of 1815.** (i) Treaty of Vienna of 1815 was drawn up with the object of undoing most of the changes that had come about in Europe during the Napoleonic wars. (ii) The Bourbon dynasty, which had been deposed during the French Revolution, was restored to power, and France lost the territories it had annexed under Napoleon. (iii) A series of states were set up on the boundaries of France to prevent French expansion in future. (iv) Kingdom of the Netherlands, which included Belgium, was	**11 H**	**5X1=5**

	set up in the north and Genoa was added to Piedmont in the south. (v) Prussia was given important new territories on its western frontiers (vi) Austria was given control of northern Italy. (vii) Russia was given part of Poland while Prussia was given a portion of Saxony. (viii) German confederation of 39 states that had been set up by Napoleon was left untouched. (ix) The main intention was to restore the monarchies that had been overthrown by Napoleon and create a new conservative order in Europe. (x) Any other relevant point. **(Any five points to be explained)** **OR** **(b) How did the Greek war of independence mobilise nationalist feelings among the educated elite across Europe? Explain.** **(i)** An event that mobilised nationalist feelings among the educated elite across Europe was the Greek war of independence. **(ii)** Greece had been part of the Ottoman Empire since the fifteenth century. The growth of revolutionary nationalism in Europe sparked off a struggle for independence amongst the Greeks. **(iii)** Nationalists in Greece got support from other Greeks living in exile and also from many West Europeans who had sympathies for ancient Greek culture. **(iv)** Poets and artists lauded Greece as the cradle of European civilisation and mobilised public opinion to support its struggle against a Muslim empire. **(v)** The English poet Lord Byron organised funds and later went to fight in the war, where he died of fever in 1824. **(vi)** Finally, the Treaty of Constantinople of 1832 recognised Greece as an independent nation. **(vii)** Any other relevant point. **(Any five points to be explained)**	**13 H**	**5X1=5**

31	**(a) Explain the rising importance of the tertiary sector in India.** **(i)** In any country several services such as hospitals, educational institutions, post and telegraph services, police stations, courts, village administrative offices, municipal corporations, defense, transport, banks, insurance companies, etc. are required. These can be considered as basic services. **(ii)** In a developing country the government has to take responsibility for the provision of these services. **(iii)** The development of agriculture and industry leads to the development of services such as transport, trade, storage and the like. **(iv)** Greater the development of the primary and secondary sectors, more would be the demand for such services. **(v)** As income levels rise, certain sections of people start demanding many more services like eating out, tourism, shopping, private hospitals, private schools, professional training etc. **(vi)** Over the past decade or so, certain new services such as those based on information and communication technology have become important and essential. The production of these services has been rising rapidly. **(vii)** Any other relevant point. **(Any five points to be explained)**	**24 E**	**5X1=5**
	OR		
	(b) Explain the difference between organised and unorganised sectors.	**30 E**	**5X1=5**

Organised	**Unorganised**
(i) Covers those enterprises or places of work where the terms of employment are regular. Therefore people have assured work	(i) The unorganised sector is characterised by small and scattered units which are largely outside the control of the government.
(ii) They have to follow some rules and regulations which are given in various laws such as Factory Act, Minimum Wages Act, Payment of Gratuity Act, Shops and Establishments Act etc	(ii) There are rules and regulations but they are not followed
(iii) It is called organised because it	(iii) This sector includes a

	has some formal processes and procedures.	large number of people who are employed on their own doing small jobs such as selling on the street or doing repair work. They do not follow any formal procedure.		
	(iv) Workers in the organised sector enjoy security of employment	(iv) Jobs are low-paid and often not regular. Employment is not secure. People can be asked to leave without any reason		
	(v) They are expected to work only a fixed number of hours	(v) There are not fixed working hours		
	(vi) If they work more, they have to be paid overtime by the employer.	(vi) There is no provision for overtime		
	(vii) They also get several other benefits from the employers	(vii) No extra benefits are given		
	(viii) They get paid leave, payment during holidays, provident fund, gratuity etc	(viii) The workers do not get paid leave, holidays, leave due to sickness etc		
	(ix) Any other relevant point. **(Any five points of difference to be explained)**			
32	**(a) How does democracy help in economic growth and development of a country? Explain with an example.** (i) It is expected from the democratic government to fulfill basic facilities. (ii) Democratic governments provide support to all the sections of society through public welfare schemes. (iii) Democratic governments are expected to prepare economic policies according to the need of all the sections of the society as the value of votes of all the individuals is equal. (iv) Democratic government introduces schemes for food security, employment generation, poverty eradication etc (v) Democratic governments try to minimize the economic disparity among its citizens. (vi) They develop infrastructure for better economic growth. (vii) Any other relevant point. **(Any five points to be explained)**		**67 P**	**5X1=5**

	OR **(b) How does democracy stand much superior to any other form of government, in respect of women dignity? Explain with examples.** (i) Sensitivity towards gender equality in a democratic society is created. (ii) Democracy makes it easier for women to get equality. (iii) In a democratic set up, gender discrimination does not have any legal basis. (iv) In a democracy, women enjoy equal rights, including the Right to vote. (v) In some democratic countries, seats are reserved for women in legislatures. (vi) Any other relevant point. **(Any five points to be explained)**	**71 P**	**5X1=5**
33	**(a) Explain the significance of industries in the Indian economy.** (i) Industries not only help in modernising agriculture, which forms the backbone of our economy. (ii) They also reduce the heavy dependence of people on agricultural income by providing them jobs in secondary and tertiary sectors. (iii) Industrial development is a precondition for eradication of unemployment and poverty from our country. (iv) It was also aimed at bringing down regional disparities by establishing industries in tribal and backward areas. (v) Export of manufactured goods expands trade and commerce, and brings in much needed foreign exchange. (vi) Countries that transform their raw materials into a wide variety of finished goods of higher value are prosperous. India's prosperity lies in increasing and diversifying its manufacturing industries as quickly as possible. (vii) Any other relevant point. **(Any five points to be explained)** **OR**	**58 G**	**5X1=5**

	(b) How are industries responsible for air pollution? Suggest any three measures to control it. (i) Air pollution is caused by the presence of high proportion of undesirable gases, such as sulphur dioxide and carbon monoxide. (ii) Airborne particulate materials contain both solid and liquid particles like dust, sprays mist and smoke. (iii) Smoke is emitted by chemical and paper factories, brick kilns, refineries and smelting plants (iv) Burning of fossil fuels in big and small factories that ignore pollution norms. (v) Toxic gas leaks can be very hazardous with long-term effects. (vi) Any other relevant point. **(Any two points to be explained) (2X1=2)** **Particulate matter in the air can be reduced by-** (i) fitting smoke stacks to factories, with electrostatic precipitators (ii) fabric filters (iii) scrubbers and inertial separators. (iv) Smoke can be reduced by using oil or gas instead of coal in factories. (v) Any other relevant point. **(Any three points to be explained) (3X1=3)**	**66 G**	**2+3=5**
	Section E **CASE BASED QUESTIONS**		**(3X4=12)**
34	**Read the given source and answer the questions that follow:** **Social and Religious Diversity** **The Census of India records the religion of each and every Indian after every ten years. The person who fills the Census form visits every household and records the religion of each member of that household exactly the way each person describes it. If someone says she has 'no religion' or that he is an 'atheist', this is exactly how it is recorded. Thus we have reliable information on the proportion of different religious communities in the country and how it has changed over the years. The record shows the population proportion of six major religious communities in the country. Since Independence, the total population of each community has increased substantially.**	**39 P**	**1+1+2=4**

	(34.1) At what interval is census conducted in India? (1) 10 Years **(34.2) Why are India census data considered reliable? (1)** (i) The person who fills the Census form visits every household and records the religion of each member. (ii) Any other relevant point. **(Any one point to be explained.)** **(34.3) How is the census an important tool to understand the social diversity in India? (2x1=2)** (i) Census gives reliable information on the proportion of different social communities in the country and how it has changed over the years. (ii) The record shows the population proportion of six major religious communities in the country. (iii) Any other relevant point. **(Any two points to be explained.)**		
35	**Read the given source and answer the questions that follow:** **Jikji** The Jikji of Korea is among the world's oldest existing book printed with movable metal type. It contains the essential features of Zen Buddhism. About 150 monks of India, China and Korea are mentioned in the book. It was printed in late 14th century. While the first volume of the book is unavailable, the second one is available in the National Library of France. This work marked an important technical change in the print culture. That is why it was inscribed on the UNESCO Memory of the World Register in 2001. **(35.1) Mention the significance of the Jikji in the history of printing. (1)** (i) The Jikji of Korea is among the world's oldest existing book printed with movable metal type. (ii) Any other relevant point. **(Any one point to be explained.)** **(35.2) Why was the Jikji inscribed on the UNESCO Memory of the World Register in 2001? (1)** (i) This work marked an important technical change in the print culture. That is why it was inscribed on the UNESCO Memory of the World Register in 2001. (ii) Any other relevant point. **(Any one point to be explained.)**	**108 H**	**1+1+2=4**

	(35.3) How does the Jikji contribute to the understanding of Zen Buddhism? (2x1=2) (i)Jikji contains the essential features of Zen Buddhism. (ii) About 150 monks of India, China and Korea are mentioned in the book. (iii) Any other relevant point. **(Any two points to be explained.)**		
36	**Read the given source and answer the questions that follow:** **Sustainability of Development** **"Recent evidence suggests that the groundwater is under serious threat of overuse in many parts of the country. About 300 districts have reported a water level decline of over 4 meters during the past 20 years. Nearly one-third of the country is overusing their groundwater reserves. In another 25 years, 60 percent of the country would be doing the same if the present way of using this resource continues. Groundwater overuse is particularly found in the agriculturally prosperous regions of Punjab and Western U.P., hard rock plateau area of central and south India, some coastal areas and the rapidly growing urban settlements."** **(36.1) Explain the meaning of Sustainability of Development. (1)** (i) Sustainable development means 'development should take place without damaging the environment and development in the present should not compromise with the needs of the future generations. (ii) Any other relevant point **(Any one point to be explained)** **(36.2) Describe the serious threat caused by overuse of underground water. (1)** (i) Recent evidence suggests that the groundwater is under serious threat of overuse in many parts of the country. (ii) About 300 districts have reported a water level decline of over 4 meters during the past 20 years. (iii) Any other relevant point. **(Any one point to be described.)** **(36.3) Mention any two suggestions for the farmers to reduce the overuse of the groundwater in agriculture. (2x1=2)** (i) Change in crop pattern. (ii) Use of newer techniques of irrigation like sprinkler, drip irrigation etc.	**14 E**	**1+1+2=4**

	(iii) Any other relevant point. **(Any two points to be mentioned.)**		
	Section F **Map Based Questions**		**(2+3=5)**
37	(a) Two places 'A' and 'B' have been marked on the given political outline map of **India** (on page 23). Identify these places with the help of the following information and write their correct names on the lines drawn near them: (i) The place where Gandhiji organized Satyagraha to help the peasants. (ii) The place where the session of the Indian National Congress was held in 1927. **(PLEASE SEE ATTACHED MAP FOR ANSWERS)** (b) On the same political outline map of **India**, locate and label **any three** of the following with suitable symbols : (i) Leading Coffee-producing State (ii) Durg: Major iron ore mines (iii) Kochi: Major sea port (iv) Rajiv Gandhi International Airport **(PLEASE SEE ATTACHED MAP FOR ANSWERS)**		**1** **1** **3x1=3**
	Note: The following questions are for the **<u>Visually Impaired Candidates</u>** only, in lieu of Q. No. 37. **Attempt any five questions**. (37.1) Name the place where Gandhi Ji organized Satyagrah to help the peasants. – **KHEDA/ CHAMPARAN** (37.2) Name the place where the session of the Indian National Congress was held in 1927. – **MADRAS (CHENNAI)** (37.3) Name the leading Coffee-producing state of India. - **KARNATAKA** (37.4) Name the state where Durg iron-ore mines are located.- **CHATTISGARH** (37.5) Name the state where Kochi sea port is located.- **KERALA** (37.6) Name the place where Rajiv Gandhi International Airport is located.- **HYDERABAD**		**5x1=5** **1** **1** **1** **1** **1** **1**

प्रश्न सं. 37 के लिए SET: 32/S/1, 32/S/2, 32/S/3 **For question no. 37**
