DELHI PUBLIC SCHOOL JANKIPURAM
SESSION 2025 -2026 : WORKSHEET
TOPIC: Water Resources
Social Studies (087)

Date : _____ **Name :** _____ **Class X Sec** ____

MULTIPLE CHOICE QUESTIONS:

1. On which of the following rivers is the Hirakud dam constructed?
(a) Satluj (b) Bens
(c) Mahanadi (d) Narmada

2. The only State which has made rooftop rainwater harvesting structure compulsory to all the houses is:
(a) Andhra Pradesh (b) Karnataka
(c) Tamil Nadu (d) West Bengal

3. Which of the following river projects or groups of river projects provide hydroelectricity to the industries of Maharasthra?
(a) Pravara Project and Koyna Project
(b) Hirakud Project
(c) Nagarjuna Sagar Project and Tungabhadra Project
(d) Ghatprabha Project and Mettur Project

4. Which of the following is one of the largest artificial lakes of ancient India built in the 11th century?
(a) Govindsagar Lake (b) Hauz Khas
(c) Bhopal Lake (d) Dal Lake

5. Who proudly proclaimed the dams as the temples of modern India?
(a) Mahatma Gandhi (b) Jawaharlal Nehru
(d) Dr. Abdul Kalam (c) Indira Gandhi

ASSERTION - REASON QUESTIONS:
DIRECTION: Mark the option which is most suitable:
(a) If both A and R are true and reason is the correct explanation of assertion.
(b) If both A and R are true but reason is not the correct explanation of assertion.
(c) If assertion is true but reason is false.
(d) If both assertion and reason are false.

6. Assertion: Rainwater is considered the purest form of natural water in parts of Rajasthan.
Reason: Stored rainwater, or 'palar pani', is free from contaminants commonly found in other water sources.

7. Assertion: Over-exploitation of water will lead to ecological crisis.
Reason: Water is a renewable resource and cannot be exhausted.

SHORT ANSWER QUESTIONS:

8. What is Bamboo Drip Irrigation? Mention any two features of it.

9. What are the broad objectives of Pradhan Mantri Krishi Sinchaee Yojana (PMKSY)?

10. Give an example of an inter-state water dispute.

11. 'Multipurpose projects and large dams have also been the cause of many social movement'. Name any two such movements. Why these movements were launched.

LONG ANSWER QUESTIONS:

12. Compare the advantages and disadvantages of multi-purpose river valley projects.

13. What is water scarcity and what are its main causes?

SOURCE BASED QUESTIONS:

14. Read the sources given below and answer the questions that follows:

Many thought that given the disadvantages and rising resistance against the multi-purpose projects, water harvesting system was a viable alternative, both socio-economically and environmentally. In ancient India, along with the sophisticated hydraulic structures, there existed an extraordinary tradition of water harvesting system. People had in-depth knowledge of rainfall regimes and soil types and developed wide ranging techniques to harvest rainwater, groundwater, river water and flood water in keeping with the local ecological conditions and their water needs. In hill and mountainous regions, people built diversion channels like the 'guls' or 'kuls' of the Western Himalayas for agriculture. 'Rooftop rainwater harvesting' was commonly practised to store drinking water, particularly in Rajasthan. In the flood plains of Bengal, people developed inundation channels to irrigate their fields. In arid and semi-arid regions, agricultural fields were converted into rain fed storage structures that allowed the water to stand and moisten the soil like the 'Khadins' in Jaisalmer and 'Johads' in other parts of Rajasthan.

Q1. Why is water harvesting system a viable alternative?
Q2. Describe the process of 'rooftop rainwater harvesting'?
Q3. Mention any two methods adopted by ancient India for water conservation.

MAP BASED QUESTIONS:

15. Locating and Labeling:

☐ Salal	☐ Bhakra Nangal
☐ Tehri	☐ Rana Pratap Sagar
☐ Sardar Sarovar	☐ Hirakund
☐ Nagarjun Sagar	☐ Tungabhadra
